## Objective

**Computer scientist / Software developer** with a thirst for learning and passion for problem-solving. Eager to delve into the world of development and contribute in innovative projects, using theoretical knowledge and practical skills gained through coursework and grow them. Excited to make positive impact in the tech industry.

## Education

Bachelor of Science in Computer Science  
The ICT University,  
Yaoundé, Cameroon  
Expected Graduation: July, 2025

## Relevant Coursework

- Algorithms and Data Structures
- Database Management Systems
- Introduction to Software Engineering
- Introduction to Networking
- Operating Systems
- Computer Organisation and Architecture
- Programming with Python
- Advanced Web Development
- Introduction to Mobile Application Development etc.

**Projects:** <https://madick-portfolio.vercel.app/>

## Technical Skills

- **Programming Languages:** Python, JavaScript, Java etc.
- **Frontend Technologies:** HTML, CSS, JavaScript, React
- **Mobile App development:** Flutter
- **Database Systems:** MySQL, Firebase etc
- **Version Control:** Git / GitHub
- **Design:** Figma, Canva, WordPress etc.
- **Currently Studying:** Next.js, React Native, Electron, Node.js / Express etc.

## Soft Skills

- Familiarity with Agile (Scrum) methodology.
- Ability to work in cross-functional teams.
- Ability to learn new technologies quickly.

## Experience

### **As a student (2022-2025)**

- Designed and developed efficient software for various school projects.
- Collaborated effectively with team members (classmates) in building software solutions.
- Assisted in the deployment and maintenance of software solutions.
- Participated in code reviews and provided feedback for improvement.
- Applied software engineering principles to develop high-quality solutions.

## Languages

- English
- French
